The Arley Steel Bath is manufactured from DC03-grade, 1.2mm cold-rolled steel and finished with a tough enamel coating, giving a total thickness of 1.5mm. Built to last, the cold-rolled steel construction provides excellent resistance to scratches, abrasion, and acids, ensuring long-term durability while maintaining a smooth, modern appearance.

SHOWER TRAYS

HYDRO 45 SHOWER TRAYS

The Hydro 45 Shower Tray range is crafted from high-quality acrylic-capped stone resin, ensuring strength, durability, and a premium finish. With a low-profile 45mm height, the trays deliver a sleek, contemporary look while remaining practical and robust.

Available in anti-slip and grey slate finishes, the collection combines modern style with added safety. Each tray can be installed directly to the floor or with a riser kit for extra flexibility, with a leg and panel set available separately. A 90mm fast-flow waste is also offered to provide efficient drainage and straightforward installation, making Hydro 45 a versatile choice for today's bathrooms.

HEATING

LOCO HEATED TOWEL RAILS

The Loco Heated Towel Rail range combines practical heating performance with a sleek, contemporary design. Each rail is manufactured with a 22mm tube thickness for efficient heat output and is supplied complete with a wall bracket for straightforward installation.

Available in a large number of sizes, as well as a choice of chrome, black, or anthracite finishes, and in both straight and curved styles, the collection offers flexibility to suit bathrooms of all shapes and layouts. For added versatility, the rails can also be converted to electric or dual fuel with separately available heating elements, making Loco a stylish and adaptable solution for modern homes.
