nuie.com

beautifully
designed.
lovingly
priced.

nuie

we do bathrooms differently.

Cosy Ensuities or Busy Family Bathrooms.
Compact Cloakrooms or Spacious Wetrooms.
We do bathrooms designed with you in mind.

We believe your bathroom is the most important room in your home. It's a space that is visited several times a day so it needs to be juuuust right. And whether you want a quick update or a full renovation, we create and curate the latest in contemporary bathroom design to bring your dream bathroom to life. We want your bathroom to be your own personal haven; for rest and relaxation, for renewal and respite. And with the right fixtures, the right colours, the right layout and the right finishing touches – your bathroom will endure as the most loved room in your home for years to come!

So pull up a chair, make a brew and feel inspired by the latest nuie brochure where our bathrooms are exclusively designed for everyone.

curated. modern. curves.

bringing beautiful
contours into
your home.

*Soft curves and on trend colours, you can
create your perfect bathroom with our
Lunar furniture collection.*

curves

natural. organic. colours.

explore a nature-led colour palette.

Channel your inner calm by styling your bathroom with nature inspired colours and textures, and create a peaceful and relaxing sanctuary.

sleek. crafted. contours.

stand out
from the crowd
with fluted.

*Co-ordinate your furniture and
brassware designs with beautiful fluted
curves, and create a sophisticated and
inspiring look.*

fluted

bold. brushed. brass.

a beautiful finish,
perfect for the
modern home.

*Add character to your bathroom by
incorporating our seamlessly co-ordinating
brushed brass collections.*

brass

clean. timeless. classical.

when traditional
design meets
modern style.

*Our traditional furniture collection offers
a classic twist, combining distinctive door
fascias with modern satin colours.*

classic

ceramics

curves and angles – this is where you'll find just the right basin or pedestal, for you.

our ceramics are expertly made and exclusively designed for everyone.

matt, satin, gloss
or woodgrain – the
best way to give your
bathroom personality
is with the right finish.

and why compromise?
we have styles to
suit everyone.

How to order Furniture

- 1. Choose Your Colour**
Pick from a carefully curated range of colours and finishes.
- 2. Choose a Basin**
Choose from ceramic, polymarble or stone basins, available in multiple styles and designs.
- 3. Choose Your Units**
Arrange your bathroom with either wall hung or floor standing units.
- 4. Choose Your Accessories**
For additional storage and function add Tall Units, WCs, Mirror Units and Bath Panels.
- 5. Consider a Worktop and Vessel**
See the component pages to build your own bespoke units with a worktop and vessel.
- 6. Choose Your Handles**
Ranges come supplied with handles (where applicable), but add extra individuality with more choices on pages 108-109.

5 Year Guarantees
Unless otherwise stated.

Made in Britain
Lots of our furniture is made in the UK. Check our website for details.

Supplied Rigid
Pre-built units are quicker and easier to install.

Soft Close
As standard on all doors and drawers.

Choosing Your Furniture
Our furniture is available as either complete units, with cabinet and basin, or as separate component parts. Create your own look by selecting each element separately from the options shown on the grey tinted component pages.

1800 x 800mm	NLB114	£553.00

Suitable for use with Bath Screens

All prices include VAT.

baths

Some of our nuie baths have a three layer Eternalite finish, able to withstand up to 2.5 tons, making them strong, rigid and more durable than a standard bath.

A Quality Finish Guaranteed

1st Layer
High gloss, smooth, sanitary-grade acrylic, which is warm to the touch. The solid colour will not fade or rub off over time.

2nd Layer
Fully encapsulated, high-strength base board to give better impact resistance, and reinforced with a glass fibre resin, providing the ultimate strength.

3rd Layer
The Eternalite finish provides extra rigidity and a thermal layer to ensure the water stays warmer for longer.

taps & showers spa collections

the spa shower collection

Discover more spa collections online at nuie.com

flexible and individual

Our luxury shower collections are designed to give you flexibility, so you can utilise each individual product and fit them to suit your own personal use and bathroom design. The shower controls in each collection can also be fitted horizontally, vertically or even outside of the showering area.

how to choose your collection

- 1. Pick Your Style**
Choose from round or square designs.
- 2. Choose Your Number of Outlets**
Choose from two or three shower outlet collections – this can be a mix of shower heads, slide rail kits and/or body jets.
- 3. Choose Your Function**
 - Run all your shower outlets simultaneously or individually as you choose, by using multiple stop tap controls.
 - Operate each outlet one at a time by opting for a diverter control, to switch between each outlet.
 - A separate thermostatic control adjusts water temperature.
- 4. Single or Double Spa Collections**
Double up on your choice of collection, for a two person shower.

To ensure ease of fitting, these electric-only designer radiators are pre-filled with electrical inhibitor solution, which helps protect the internal walls of the radiator and also have the heating element pre-installed.

heating

heating faqs

How much heat will I need?
All rooms are individual and therefore the heat output required from your selected radiator will vary. It is important that you choose the correct radiator to ensure that enough heat is generated to keep you comfortable. A sensible tip is to always choose a model with a higher heat output than you require, as this can always be controlled by turning them down.

What is the measurement for heat output?
All our radiators carry the heat output measured in either:
• BTUs (British Thermal Unit) or
• Watts
BTUs are shown with water temperature of 80°C at radiator inlet.

What heat output will I need for my room?
It is highly recommended that your installer calculates the BTU requirement for each applicable room, so you can get the maximum heat benefit from your chosen radiator. We strongly suggest this is done before purchasing your radiator.

What radiator designs offer the best heat output?
Basically, the bigger surface area that a radiator has, the more heat output will be generated. Another general guide is that painted finishes offer a slightly better heat output than chrome-finished items. To optimize the space you have available, we offer radiator designs that can be fitted horizontally or vertically. To get additional heat output from the same area, you can also choose options that include multiple rows of tubes, panels and columns.

Radiator colour options
From stock, we offer the most current fashionable colour options across a wide range of products. Please note that owing to the printing process, the actual colours on the radiators may vary slightly from those shown in our brochure.

Pipe centres
All our dimensional details are published in our current brochure and on our website. However, owing to manufacturing tolerances, we strongly suggest that your final pipework position is not completed until you actually receive delivery of your radiator.

Electric-only radiators
Where your installation location does not have immediate access to an existing water supply, we can offer purpose-made electric-only products for a quick and easy solution to your heating needs. These electric-only products are supplied pre-filled with an electrical inhibitor solution, and fitted with a compatible heating element.

Dual-fuel radiators
Some of our radiators can also work as dual-fuel applications, which means that when your main heating system might be turned off in the summer months, you can still operate your radiators electrically if required. Please consult your plumber before purchasing heating elements.

Radiator valves options
Depending on your choice of radiator, we have several styles to choose from, details of which can be found on the left hand page.

Warning / Precautions
Qualified persons should make all electrical and plumbing connections. When fitting radiators with heating elements, the radiator must always be mounted with the element at the bottom with the radiator in the upright position. Failure to do so may result in a fire hazard.

ukca/ce approval

All our radiators have been designed to provide a comfortable level of warmth needed for everyday indoor use, as well as being manufactured to conform to BS EN 442-1:2014, and all current European standards.

Our heating products have all been independently tested and we are delighted to present our collection of fully certified UKCA/CE products that conform to all applicable standardized regulations.
